

# LET'S ALL HELP!

## CAN YOU GIVE YOUR COUNTRY A FEW HOURS OF YOUR SPARE TIME:

To make more room at our Nursery we are disposing of the Seedlings, Transplants and Trees listed herein.

Now is the time to take advantage of this offer which may not happen again. If you have any spare acreage we advise you to plant same in Evergreens. We are always in the need of Xmas Trees which if planted about 6 or 8 ft. apart will in about 7 years net you a very nice income.

Xmas Trees properly spaced and given an opportunity to fill out and are not shaded by other trees "which make them one sided or straggly at the top," can demand a better price. Our recommendation for Xmas Trees is First, Balsam Fir, Second, White Pine and Third, Scotch Pine.

### A FEW HINTS AS TO THE TIME AND HOW TO PLANT TREES.

We find that to get the best results is to plant them after April 1st to June 15th. In the Fall after September 31st to November 15th.

On arrival all plants should be watered and if possible planted right away. If this cannot be done then they should be heeled in immediately. The main thing to watch out for is to see that none of the roots are exposed to the air.

When planting them it is best to place them in a pail of water and carry same along, taking one out at a time when planting. The best part of the soil for most Evergreens is the top soil as more nourishment is derived from the top soil than a few feet down.

Most Cities are short of local Nurseries and for that reason Nursery Stock is high. If you want to start a small Nursery then this is the opportune time because a much larger price can be secured from Nursery Stock for Landscaping than on Xmas Trees, altho there is a little more work involved.

### TERMS

Orders must be accompanied by a 25% deposit, the balance due on the order can be sent COD. However, you save the COD charges if you pay for order when placing same.

All prices are FOB our Nurseries.

On account of these low prices our liability must cease when delivery is made to carriers. Should there be a delay in transit due to the carrier we ask that you file claim immediately.

Our orders are filled in the order they are received according to date except if a specified date is on the order. If for reasons beyond our control shipments are not made in the spring they will be made in the fall.

FARMERS -- EVERGREENS MAKE EXCELLENT WIND-BREAKS!

REAL ESTATE OPERATORS -- HOMES SELL FASTER WITH EVERGREENS!

CEMETERIES -- IMPROVE YOUR GROUNDS WITH EVERGREENS!

CLUBS - ORGANIZATIONS - MANUFACTURERS - BUSINESSMEN - AND  
PUBLIC-SPIRITED-PERSONS --

Because of the low cost of these Evergreens for reasons mentioned herein is an excellent opportunity to show good Americanism by purchasing a few thousand of these Evergreens for your Local Boy Scout or Girl Scout Groups to plant off the highways, side roads and various other public places.
